Why ARCHway? OUR MISSION & VISION

THE ARCHWAY INSTITUTE'S ANNUAL
GALA & AUCTION

We envision long-term recovery for all!

ARCHway Institute serves the *community* by providing education to increase *awareness* and transform perspectives around substance use and co-occurring mental health disorders. As an organization, we advocate for long-term *recovery* by providing peer support and financial assistance to expand access to care and *healthy* solutions.

Your support can save lives!

Proceeds from this event fund ARCHway's efforts to provide education, peer support, financial assistance, as well as peer workforce development, with the ultimate goal of helping people achieve long-term recovery.

- Education - We educate communities about substance use and mental health in order to increase awareness, diminish stigma, and ultimately, help people heal.
- Peer Support - We offer conversations to individuals and families who don't know where to turn. We provide emotional support, information, and advocacy regarding options for treatment and recovery resources.
- Financial Assistance - We provide financial assistance to increase access to treatment and recovery resources that individuals need to reach long-term recovery.
- Peer Workforce Development - We are working to grow and develop a more unified, empowered peer workforce to support individuals with substance use disorders.

My hope for you...

"My hope for you is that you feel the embrace of recovery through ARCHway Institute. Recovery is a beautiful thing. It's a freedom and a peace that radiates from a person's very core. Once you've felt it, you never want to lose it. It's that recovery that surrounds ARCHway Institute. It's that recovery that we want others to experience and that we share with those who reach out to ARCHway for support. It is why we do the work that we do.

My hope for you is that you literally feel recovery wrap around you when you enter the doors of ARCHway's Annual St. Louis Gala & Auction. The room will be filled with family, friends, and allies of recovery. Recovery people hug, so you will physically feel that embrace. Recovery people are filled with joy, so you will emotionally feel that embrace. Recovery people share their truth, so you will be embraced by honest and heart-filled stories.

My hope for you is that you leave with a full cup - a cup filled to the brink with hope. My hope for you is that this hope radiates from you, so you can embrace others in recovery." ~ Emily Stuckey, CEO
